VACATION BIBLE SCHOOL raised \$1,440 to be given to the WATER PROJECT!

The water crisis is real. It's affecting women, children, families and farmers. Women and girls in sub-Saharan Africa are spending hours a day fetching dirty water which leads to illness and disease, robbing entire communities of their futures. Lack of access to safe water and proper sanitation limits education and food production, it harms health and leads to a cycle of poverty. Yeah to VBS Kids to helping with the Water Project!

As we develop the **2017-2018 Budget**, the Finance Committee would like to hear from any perspective students, parents of students, or interested persons planning on attending a Mennonite School, College, or University in the upcoming school year. ***Please contact any member of the Finance Committee*** as soon as possible to confirm, or for more information.

Finance Committee,
Mat Landis, Jolene Halteman, Ron Dise, & Gary Trauger.

We are *exploring the idea* of a new website look for Deep Run East. A Website Team has been set in place to look at options for the costs and course of action. We want to thank those who were able to participate in our small survey for your feedback. Our hope is to revise, refresh and streamline the church website. If you have any questions or concerns you may contact Brent Camilleri or Lisa Stenger.

If you would like to provide a floral arrangement to share with us on a Sunday morning, please sign your name for the Sunday of your choice. The flower calendar can be found in the mailbox foyer area.

THE FAMILY CORNER

“The definition of “healthy” is highly individual, just like our family dinners. What works for one family may not be ideal for another. With food sensitivities and special dietary needs on the rise, deciding what’s healthiest for your family is best left between you and a medical professional. However, building enthusiasm and good habits to help everyone enjoy healthy eating is just as important as what you serve.

Here are our top [tips](#) for building a positive relationship with healthy eating at the dinner table:

Prep for Success. Getting everyone involved in planning, shopping and preparing the foods you serve is a great way to introduce new tastes and make choosing and trying healthy items fun for the whole family.

Build in Playtime. We’ve all said it at some point:

“Stop playing with your food!” But playing with food can actually be a powerful way to broaden kids’ horizons and make them more adventurous eaters in the long run. Here are some fun ideas to bring playtime to the table.

Above all, remember that the family dinner table isn’t just about the food — it’s about the fun and conversation, too! Make sure to focus on each other and not on what family members are (or are not) eating. When you relax, others at the table will relax and open up, too, making for a welcoming atmosphere that’s healthy for bodies, minds and spirits.”
